#### Part 1

1.

**From:** rebecca.right@mail.de

**To:** ronnyboy@mail.co.uk

**Subject:** our summer holidays

*Hi Ron,*

*for me the bike tour along the south coast of England would be great. We will probably sleep at different campsites. Maybe we can meet other young people and we can play games then or have some meals together.*

*I think it would be boring to stay in your parents' holiday house. I think it wouldn't be interesting and we would see the same place each day.*

*Wishing you all the best,*

*Rebecca*

2.

**From:** Charlotte\_Heim@mail.de

**To:** jessy.todd@mail.ca

**Subject:** my summer job

*Dear Jessica,*

*I would like to give you some details about my summer job at a supermarket. My working hours are from 8am to 2pm Monday to Friday. In my job I basically have to do two things: First, stocking the shelves with food and drinks. Second, I have to wipe everything in the evening, especially the floors. Everything must be kept clean for our customers. I get paid 10 € an hour, which is super. Have you already found a holiday job?*

*Take care,*

*Charlotte*

## **Part 2**

### **1. A person very special to me**

*I would like to tell you something about my grandmom. She was caring, intelligent and above all she could always help me. She always kept patient, even if I did silly things and she really helped me at any time. When I was a little girl she showed me the flowers in the garden and she taught me about plants and trees. I could always rely on her and in my thoughts I still hear her voice giving me advice. If I should become a granny, I want to be like her.*

### **2. My perfect day during school holiday**

*I'd love to sleep long. After that a nice long breakfast would be great. Afterwards I call my best friend and we meet in the park. There we stroll along the shopping mall. After a nice lunch we go and check what we can do in the city. Maybe we can go to the cinema or sit in a café. In the afternoon my best friend and me go to my house. There we have lunch and then it is time for a sleepover.*
